

## A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

### Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

## COUNTY CORRESPONDENCE

Continued from page 3.

### Geneva.

Harry Marr's baby has been quite sick.

Jasper Buckley and G. S. Toiles have gone north to hunt.

George Bates visited friends in Grand Junction last Sunday.

Mrs. Katie Bodine went to Chicago last week to visit relatives.

Mr. and Mrs. Geo. Pugsley and Mrs. D. Welcher and little grandson of Jackson visited their brother, Geo. Egelus, Sunday.

### Sunny Lane.

Corn husking is the order of the day in this vicinity.

Henry Debutts is home from the North to visit his mother and brother.

Lawrence live No. 372 of the L. O. T. M. M., entertained 40 ladies from Bangor live and 18 from Decatur live Saturday. About 125 ladies partook of a bountiful dinner at the noon hour, after which the live was called to order, and when the work was done all were entertained by music and recitations.

### HIDDEN DANGERS.

Nature Gives Timely Warnings That No Paw Paw Citizens Can Afford to Ignore.

Danger Signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, foamy and pale, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

Danger signal No. 2 comes from the back. Back pains, dull and heavy or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Paw Paw proof:

George Lucas, painter, living at Niles and Water streets, Paw Paw, says: "I was annoyed for a while from kidney trouble. The secretions from the kidneys were very frequent and at night I would have to rise several times to pass them. I procured Doan's Kidney Pills at Longwell Bros' drug store and they cured me of the weakness. I gave a statement to this effect November 26, 1901, and now I am just as good to confirm the same (November 3, 1906) as I have never suffered from kidney trouble nor have I had to use any kidney remedy since Doan's Kidney Pills cured me in 1901."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### West Michigan Poultry Exhibit.

The third annual exhibition of the West Michigan poultry and pet stock association, which is a member of the American poultry association, will be held in South Haven, November 30, December 1, 2, 3 and 4.

Much has been said about previous exhibitions which have been held in South Haven, and those who have taken or sent their birds to the 1906 and 1907 exhibitions in that city are loud in their praises of the treatment they received.

With "determination" as a foreword, they have secured a suitable place for holding their 1908 exhibition and have obtained the services of James Tucker of Concord as judge. With these two inducements and the fact that the show will be held at the same time that the Michigan state horticultural society hold their annual meeting in South Haven, and that the American poultry association offer at this show is the much coveted grand silver medal to the exhibitor showing the best cockerel of the American, Asiatic, Mediterranean or English classes as well as a diploma to exhibitors showing the best cockerel to all standard varieties, the exhibition will surpass any ever held by an association. The local association are offering cash prizes as well as special premiums and ribbons.

The 1908 show will likely be a winner and to show birds in South Haven this year will mean sales and reputation.

Write James L. Boar, South Haven, Mich., for copy of the premium list.

## How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of Scott's Emulsion. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

### Married and Single.

There is no denying that engaged lovers stand on one platform and married lovers on another. Previous to marriage so little is said about money. There are discussions, there are wranglings, but they are done by proxy, by the lawyers. Once married, however, the principals must talk of money matters between themselves; its management, its disbursement.—London Lady.

### Tea a Germ Destroyer.

Tea is now elevated to the dignity of a germ destroyer. Dr. McNaught, the medical investigator, has found that typhoid bacilli placed in cold or lukewarm tea are greatly diminished at the end of four hours, and have completely disappeared at the end of 24 hours.

### Symbol of Wedding Ring.

The old Roman wedding ring was usually of iron, symbolical of the enduring bond, which perhaps explains the supposition of some authorities that it, in olden times, indicated the submission of the wearer, as did the iron ring worn about the neck and ankle.

### Organ Built to Last.

Organ makers of old built to good purpose, as the one in All Hallows' church, Barking, England, shows, it having been installed in 1677, and is now undergoing only its second renovation.

### Microbes in Ink.

A scientist has found microbes of various kinds in 77 samples of ink—red, blue and black—supplied to schools, and some of the microbes were deadly enough to kill mice inoculated with them.

### Classified.

"Who was that fool you bowed to?"  
"My husband."  
"Oh! I—er—I—humbly apologize."

"Never mind; I'm not angry. But what a keen observer you are!"

### Learn This To-Day.

The only people who really enjoy rising early are those who don't have to.—The Corn-Fed Philosopher.

### Special Occasions.

It is only when they are nominated for office that some men care whether anybody knows which church they attend.—Washington Post.

### A Word to the Unwise.

Beware of the "good thing" that comes to your door and tries to break in.

### Word from Br'er Williams.

"Even in de summer time," says Brother Williams, "it's a good idee ter have a steam heater in de meetin' house, kaze it puts de sinners in mind er what's ahead of 'um"—Atlanta Constitution.

### Patience.

If a man were only as patient in business as he is in fishing what couldn't he accomplish.—Detroit Free Press.

### Unselfish Devotion Difficult.

How easy is the thought in certain moods of the loveliest, most unselfish devotion! How hard is the doing of the thought in the face of a thousand difficulties!—George MacDonald.

### The Sound of Thunder.

Spread out the thunder into its single tones, and it becomes a lullaby for children; pour it forth together in one quick peal, and the royal sound shall move the heavens.—Schiller.
